To: A Message of Hope Cancer Fund, Inc.

We are writing to thank you for the help that your organization has provided our family over the past few months. Words are simply not adequate to express our sincere appreciation for the financial and emotional support we have received from *A Message of Hope Cancer Fund*. The name of your organization is well chosen because “*hope*” is exactly what you gave us.

Our family has faced a series of trials over the past two years that have seemed insurmountable. Our five year old son Zane was diagnosed with Acute Lymphoblastic Leukemia in April of 2008. We were completely caught off guard and in total shock primarily because we were just beginning to get back on our feet as a result of our ten year old son Jordan having battled back from brain surgery at the end of 2006. We had spent months at Children’s Hospital and just couldn’t imagine anything more devastating.

When Zane was diagnosed I went on LWOP from my job so that I could care for him Children’s Hospital in Washington, DC. My husband and I were immediately thrust back into financial turmoil and were feeling like there was no where to turn. Our faith would not allow us to give up and it was after a night of prayer that we were referred to your organization by Children’s Hospital. My meeting with Deb Manoly was such a blessing. The emotional support she offered was much needed. *A Message of Hope* was able to take care of all of our utility bills for several months including some payments that were in arrears. This enabled us to focus on caring for our son with out having to worry about these bills and brought us peace of mind.

Zane is facing three and a half years of chemotherapy and treatment for his cancer. We are still visiting Children’s Hospital at least weekly but we are looking forward to going into the maintenance phase of treatment which is a little less intense. We are so very, very thankful to *A Message of Hope* and we are looking forward to working with you in the future to give back and help others.

Peace and blessings,
Janet and Bill Mosby
